## **EFFECTIVE : 30 March 1998**

**JTR, par. C11003-A revised by deleting item 3 and redesignating item 4 item 3  
(As a result, par. C11003-A now reads as follows)**

### **C11003 CONDITIONS GOVERNING TRANSPORTATION**

**A. Transportation Not Authorized.** Transportation of a POV won't be authorized when:

1. the POV may be driven to the duty station over hard-surfaced all-weather highways, including ferries, and it is determined that the employee, or member of his/her immediate family, should reasonably be expected to drive the vehicle (See par. C2156 concerning reimbursement in connection with use of ocean-going car ferries when it is determined that the employee or a member of his/her immediate family should be authorized to drive the vehicle for only part of the distance involved.);
2. the local government prohibits the importation of such a vehicle, applies particularly difficult restrictions on such importations, or the pertinent regulations of the military departments prohibit or advise against the shipment of such vehicles for military personnel (This item doesn't apply for an employee assigned on Johnston Island who is authorized to ship a POV to Hawaii under par. C11002-C.); or
3. a vehicle is purchased in a U.S. territory or possession, or the Commonwealths of Puerto Rico, or the Northern Mariana Islands, by an employee not permanently assigned there at the time of the purchase, unless it is used by the employee or dependent for personal transportation at the overseas duty station as a replacement vehicle. This item prohibits only the shipment at Government expense incident to the employee's permanent change of station following purchase of the vehicle.
